ABHIJEET KUMAR

App Developer
abhijeetkrcse@gmail.com | +91 8002000945
Delhi, India

SUMMARY

Results-driven App Developer with 1 years of experience designing, building, and maintaining high-performance An-droid applications. Proficient in modern frameworks like Jetpack Compose, Kotlin, Java and cross-platform tools such as React Native. Skilled in delivering intuitive user interfaces, optimizing app performance, and integrating with RESTful APIs and cloud services. Passionate about clean code, scalable architecture, and enhancing user experience through innovation and attention to detail.

KEY SKILLS

- **Programming Languages:** Kotlin, Java, SQL, JavaScript

- **Mobile Technologies:** Jetpack Compose, Android SDK, React Native, Retrofit, Room, Firebase

- **Web Technologies:** HTML, CSS, JavaScript, GraphQL, REST APIs

- **Development Tools:** Android Studio, Visual Studio Code, Xcode, Git, Postman

- **Soft Skills:** Effective Communication, Problem Solving, Team Collaboration

EXPERIENCES

App Developer I&S Communique Pvt Ltd, Delhi, India
Feb 2024 – Present

- Developed a feature-rich Advertisement mobile application using Kotlin and Jetpack Compose, focusing on modern UI design and responsiveness.

- Integrated Retrofit to consume RESTful APIs, ensuring efficient network communication and data parsing.

- Implemented SharedPreferences for local data storage, enhancing app performance and user personalization.

- Utilized MVVM architecture to ensure a scalable and maintainable codebase.

- Collaborated with cross-functional teams to align app features with client requirements and marketing goals.

- Participated in code reviews, debugging sessions, and continuous integration processes to maintain high code quality.

PROJECT

OEM Services Application

- Developed an OEM-specific mobile application using Kotlin and Jetpack Compose, optimized for performance and user-friendly interface.

- Integrated Google Maps API to visualize dynamic data points, enhancing user navigation and location-based insights.

- Utilized GraphQL for efficient data querying and interaction with backend services.

- Implemented Location Services to fetch real-time user coordinates, powering features like nearest service center tracking.

- Focused on clean architecture and modular development to support scalability across different OEM clients.

EDUCATION

Shershah Engineering College, Sasaram | 2019 - 2023
- B.Tech in Computer Science and Engineering | 8.78 CGPA

Bhagwanpur College, Siwan (Bihar) | 2017 - 2019
- Senior Secondary in PCM
